

## PRESIDENT DIMS HOPE FOR WORLD ECONOMIC MEET

Harding Says Time Is Not Yet  
Ripe for Conference on  
Economic Problems.

BY GEORGE R. HOLMES.  
(U. S. Staff Correspondent).  
WASHINGTON, Oct. 12.—Pres.  
Harding is willing to call an interna-  
tional economic conference any time  
that world conditions appear to be  
favorable to the success of such a  
meeting.

But absolutely no steps toward  
launching such a project will be  
taken by this government until the  
president and his advisers are con-  
vinced that conditions are such that  
the world's economic problems will  
lead to peaceful settlement around  
the conference table as did the  
world's naval problems at the arma-  
ment conference last winter.

This was the explanation put for-  
ward in official quarters today for  
renewed reports in foreign capitals  
that the United States would shortly  
inaugurate a second Washington  
conference—to deal this time with  
the vexing economic problems that  
have brought Europe to the verge  
of another war. So circumstantial  
were the reports that from Tokio  
came press dispatches reporting the  
Japanese government as anticipating  
such an invitation and willing to ac-  
cept it.

**Project Favored.**  
While entirely willing to under-  
take such a project—in the same  
spirit that actuated the calling of  
the armament conference—it is  
nevertheless the unanimous opinion  
of the president and his closest ad-  
visers that world conditions are not  
now favorable to the success of any  
international conference, whether  
inaugurated by America or some  
other nation.

And until conditions abroad be-  
come more settled, it was said today,  
the United States will pursue its  
present policy of aiding Europe's re-  
habilitation wherever possible and in  
such ways as to bring no involve-  
ment in European bickering and  
politics.

Severe pressure has been brought  
to bear on the administration to  
"dip in" abroad. It has come not  
only from abroad, but also from  
American bankers who believe that  
new favorable participation in  
European councils Europe is doom-  
ed.

### SUBMARINE RESCUES 33 OFFICERS AND MEN

WASHINGTON, Oct. 12.—Rescue  
of 33 officers and men from the  
tanker Swift Star, aground off Block  
Island, near Newport, R. I., was re-  
ported to the navy department to-  
day in a dispatch from the Sub-  
marine N-3.

## MAROONED

### CHARGE SWARTZ IS 'BAD CHECK' ARTIST

Latest Victim of Police Al-  
leged to Have Swindled  
Local Concerns.

Taken into custody by the police,  
Gust Swartz, 19, 830 N. St. Peter st.,  
Thursday confessed to passing forged  
checks on local merchants in this  
city. He is the second man to be  
arrested by local detectives for  
forgery in the past two days.  
Swartz is said to have admitted  
passing a check for \$34 on the Rice

Furniture Co., and one for \$36 on  
the Gately Clothing Co. An affidavit  
was filed against him by Frank N.  
Nevins of the latter concern.

Swartz's preliminary hearing was  
set for Monday following, his ar-  
rangement before City Judge Du-  
Comb. He was unable to furnish  
bonds.

Earl Lamatsch, 1204 E. Miner st.,  
held for forging several checks here  
and at Pontiac, Mich., and Decatur,  
Ill., was Thursday arraigned before  
Judge DuComb on a second charge,  
that of "lazy husband," preferred by  
his wife, Esther, several weeks ago.  
The police had been holding an old  
warrant for him and after facing  
court on the forgery charge Wed-  
nesday, was arrested on the wife's  
complaint. He was formerly em-  
ployed at the State Line Inn.

What you turn over in your heart  
is sure to turn up in your life.

### New York Craft Leads

#### Entrants in Race Tryouts

GLOUCESTER, Mass., Oct. 12.—  
(By I. N. S.)—The Elizabeth How-  
ard, Capt. Benjamin Hine, New  
York, led the four American fishing  
schooners at the start of today's  
elimination race, first of the series  
that will decide who shall challenge  
the Blue Nose, the Canadian holder  
of the international fishermen's  
trophy. Emblematic of the cham-

pianship of the North Atlantic.

The New York Fisherman was  
closely followed by the L. A. Dunton,  
under Capt. Hogan, and the Yankee,  
under Capt. Brophy, the two Boston  
entrants. The Henry Ford of Glou-  
cester, favored at the start, was  
trailing at nearly a half mile.

The wind later softened to 10  
knots and it was a long slow run  
along the Cape Ann shore. The  
Ford overhauled the Dunton and the  
Yankee, but could not catch the

Howard before reaching the first

turn at 10:50 a. m. The Howard

was in the lead.

The schooner Elizabeth Howard  
New York, while on a starboard  
tack soon after rounding the first  
mark suffered an accident when the  
main topmast broke off about 15  
feet above the hounds. The crew  
cleared away the wreckage quickly  
but it forced them to shorten sail  
to four lowers. The Jib topmast and  
the forssail. Capt. Hine kept going

however, and for the first 15 min-  
utes after the accident held the  
lead.

The man who keeps his word does  
not make a promise.

Going to the last is a poor way of  
showing that you are a good fellow.

We sell Firestone Truck Tires because we believe they offer Most Miles per Dollar.

The Firestone Truck Type Cord in 4½, 5, 6, 7 and 8-inch sizes is being accepted as the most highly refined and satisfactory tire so far designed.

The broad, flat, carefully designed tread combined with the famous gum-dipped carcass insures increased load capacity, slow wear, great traction and non-skid ability.

The tough wear-resisting tread rubber carried down over the side walls means proof against rut or curb wear.

The exclusive Firestone gum-dipped cord plies means resistance to heat — less friction and hence longer life.

The finished tire is saving time, trouble and money to a rapidly increasing number of wise truck and bus operators.
